Oak Grove Mobile Home Park, has had approximately 13 of its residents taken by Immigration and Customs Enforcement (ICE) -the Department of Homeland Security. Five of our neighbors have already been deported and the rest of the cases are in court processes.

Prior to these actions by ICE, a group of residents organized to resist the years of illegal and unjust business practices by the Oak Grove Mobile Home Park. The group is called Sembrando Poder and is led mostly by women.

In January the group held a vigil at Cristo Rey to lift up the current issues at Oak Grove and the fear around ICE's actions. Per the group - "The goal was to come out of the shadows, tell our stories of abuse, denounce injustice and demand our rights as humans. We are demanding justice for the welfare of our children."

After the vigil, the husband of one of the group's main organizers was grabbed by ICE as he came to work. When ICE approached this man they asked him if he was the husband of the organizer who had spoken at the vigil.

This breakfast will be an opportunity have a delicious breakfast, meet and hear the stories of some of the residents of the Oak Grove community, and help raise legal defense funds for residents who are being detained by ICE.

There will be an opportunity for a limited number of people to learn the secrets of making a Mexican breakfast include participating in the preparation of the meal
